EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Shafer on 8-9-05.

The application has been amended as follows:

Claim 27, line 1, delete (22) and insert - - 23 - -.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or fairly suggest a golf ball comprising a cover material defining an inner surface and an outer surface, said outer surface having a dimpled pattern; a single, one-piece metal sphere having an outer surface which is surrounded by the inner surface of the cover, said single sphere further defining an inner surface surrounding a material of lower density than the density of said cover material; and said single sphere further defining a wall formed of a metal having a thickness between said inner and outer surfaces of said sphere of at least 0.20 inches.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
